120 W, 4 Ohm, 20 - 20000 Hz, 3.5 mm, LED

Colourful sounds

An overwhelming bass power, high-quality sound and an impressive gaming design all combined into one: the GXT 629 Tytan RGB Illuminated 2.1 Speaker Set will change the way you experience sound. Whether playing the latest games, listening to music or watching movies, you will enjoy everything in the best available sounds. This speaker does not only boosts powerful sounds, it bursts with colour! The changing RGB LED illumination on the subwoofer combined with the matte black satellite speakers will match any gaming setup. You can pick between 7 solid colours synced on the bass (red, green, blue, yellow, purple, light blue and white). Or choose a rotation of all colours, a breathing light rotation or bass-synced RGB lights: the possibilities are all yours!

Tytan in sound

Release your roaring gaming sounds into the world with this 120W peak power speaker set. The satellite speakers give optimal sound in the mid and high tones range. This combined with the wooden subwoofer with a 7-inch speaker which produces powerful depth to your gaming sounds, ensures you'll have that full-range gaming experience.

Wireless control

To control this powerful sound machine, it comes with a handy wireless remote. You can easily adjust and mute the volume, fine-tune the bass and change the lights and turn the speaker on or off with one click of a button.

Smart Power Management

The speaker has a built-in Smart Power Management to save on energy. The speaker automatically goes into standby mode when it is not used for 60 minutes. Start gaming and the speaker automatically turns back on. Turn the Smart Power Management off for full power constantly.- Powerful 2.1 speaker set with 120W peak power (60W RMS)- Compatible with PC/laptop, smartphone/tablet, Wii, Sony PlayStation 3 and Xbox 360- Wooden subwoofer for rich and powerful sound- Pre-defined light modes: 7 solid bass-synced colours, breathing RGB, rotating RGB and bass-synced RGB- Including wireless remote for power, volume, bass & light control- Smart power management: goes to stand-by when not in use
